Memo: No. 2697/53-1

Dt 22.7.53

FOR MYSORE STATE

ELECTIONS/IMMEDIATE

No.2697/53-1
Government of Madras
Public (Elections) Department
Fort St. George, Madras, dated 22nd July 53
OFFICE MEMORANDUM

Sub: Electoral rolls - House of the People and Madras Legislative Assembly - Annual revision, 1953 - Preparation and printing of consolidated final electoral rolls - Revised instructions

Ref: Electoral Rolls (Assembly and Parliamentary 1953) (Annual Revision 1953) Circular No.4 [Memo No.978/53-8 Public (Elections)] dated 10-6-53

With reference to the instructions in para 3(5) of the Circular cited representations have been received from certain Collectors and Electoral Registration Officers to the effect that it will not be possible to carry out the corrections in manuscript in the printed rolls of 1948, (Where thin paper has been used) - as there is no sufficient space between the lines, that such corrections will make the roll clumsy and unreadable and that the printers will find it difficult to follow the corrections and they have suggested that the entire roll may be ~~xx~~ re-written ~~in manuscript~~ and then sent to the press for printing.

2. It is not the intention of the Government that every addition noted in the supplementary roll of 1950 and in the lists of amendments should be carried out in the 1948 roll by inserting the entries between the lines. Only the serial number of the voters (in the roll of 1948 and in the supplementary roll and in the lists of amendments) should be altered to indicate the order in which the voters' names should be rearranged in the consolidated roll as reprinted. The printer will re-arrange the voters according to the altered serial numbers while composing the roll - vide para 4 of the Circular. For each voter, only the entries relating to the serial number and the age will have to be corrected. As these entries are the first and the last for each voter the corrections can be easily carried out in the margins. Corrections to any other entry where necessary can ~~xx~~ also be indicated in the margin. Re-writing of the rolls may involve additional expenditure by way of more wages to Section Writers. Collectors are however, informed that wherever they consider that it will not be possible to prepare the draft consolidated final electoral roll according to the present instructions, the entire final electoral roll (or part of it) as the case may be) may be prepared in manuscript in duplicate and one copy sent to the press for printing.

3. According to para 8 of the Circular cited, where the key list prefixed to the electoral roll does not require amendment it need not be reprinted but the copies of the key list should be detached from the old electoral rolls and prefixed to the ~~printed~~ reprinted copies of the rolls. It has been represented by one Electoral Registration Officer that as the key list is pasted to the roll it is likely to be damaged by detaching and that the

P.T.O.

old key list will not be useful for attaching to the new rolls In such cases the key list also may be reprinted.

M.A.Sheriff,
Deputy Secretary to Government
